

The netball & hockey kits for Sha Tin College teams are in need of a new look and design, to both promote Sha Tin College, and the teams sporting achievements as well as be practical and comfortable to wear.

Project:

Task:

You are going to design a new sports kit for Sha Tin College. You can chose to design one of the following:

- a new dress for netball / hockey
- a new top for netball / hockey
- a new skort for netball / hockey

Equipment:

You will need the following:

- computer
- a template of the kit
- a painting package, vector or bitmap
- Printer (b&w) and save to the teachers "write" folder (e.g. JCw)

Specifications:

1. The designs must be limited to the school colours
2. Have a distinctive, unique design
3. Include the Sha Tin College logo
4. Include a team players position or number
5. Could include the school mascot or name 'Spartans'

What to do:

You will study existing sports clothing from our school and other teams, and you will complete the following tasks:

1. Download a template
2. Design a sports shirt, vest, dress (front & back)
3. Design matching sports shorts, skort, leggings (front & back)
4. Design matching long socks
5. Colour in your designs, using the patterns you have created, offer a home and away alternative

You can use the filters to create textures to the fabric, and you can also create repeat patterns - experiment with these tools.

Extension Activity

Design one of the following to go with the above

- gillet
- sweatshirt
